Membership Core Values & Policies

Education is not just about filling a pail but igniting a fire that fuels a lifelong journey of discovery and growth. Let's continue to inspire and be inspired!

Jacqueline Van Dyke, President and Founder

Thank you for your interest in our homeschool co-op group. If you are a potential new member, you are invited to join us at a public class or activity. These are announced on our public Facebook page and website. Often these are our park play (and PE) activities. We have a few classes each month that are also open to the public. This allows you to meet with our members and get a feel for our GCMHG atmosphere.

At GCMHG we are a group of educational leaders and parents. We are proud to announce that we are Citrus County's first non-profit 501(c)(3) homeschool co-op. At our Homeschool Co-op, everything is carefully thought out to ensure we keep kids safe while simultaneously providing them with the best possible education and socialization experience.

GCMHG is proud to be a member of the Citrus County Chamber of Commerce. As such, we have received rewards and recognition. Our membership and involvement will help us achieve our goals.

Our Mission as a conservative homeschool co-op, is to supplement our children's education and physical fitness. Our goal is to enrich their overall experience to allow both children and adults the opportunity for positive socialization.

GCMHG is very strong in our Conservative Beliefs and Core Values. Patriotism is at the center of all we do. We say the United States Pledge of Allegiance and believe in our Bill of Rights.

Each year, in our pre-kickoff parent meeting, all members are given access to the latest version of this Membership Core Values & Policies document. We all read and sign this, and pay the new year's dues by Kickoff in August.

Whether you are a renewing member, or a potential new member, please read the entire Membership Guidelines & Policies document before signing. This will ensure that your expectations of us, and ours of your family, align. We do realize that the document is lengthy, but we feel it is important to communicate expectations for our relationship to function smoothly. Our Vision is that we all build meaningful and lasting relationships while enjoying our educational journeys.

Being a "Manatee" is both a privilege and a responsibility. Each one of us has special gifts and talents. Being a member allows us to share those gifts and talents with other families. While we do realize and respect that each family may differ in personal beliefs, anyone who will teach must do so from a conservative view.

GCMHG is open to families that are actively engaged in homeschooling, with at least one child in grades K-12, and that are in compliance with our state's homeschooling laws. Homeschooling is defined as any schooling that occurs in the "home." By requesting membership, you recognize that GCMHG was started, and, with your contributions and involvement, will continue operating, from a conservative viewpoint.

GCMHG is a registered non-profit group. Florida Solicitation Registration#: CH71257

A copy of the official registration and financial information may be obtained from the division of consumer services by calling toll-free: 800-435-7352 within the state. Registration does not imply endorsement, approval, or recommendation by the state.

Class Conduct Contract

Our volunteer teachers work hard to prepare fun, interactive, and exciting lessons in order to enhance classroom learning opportunities. Please do not allow your children to bring anything to class that would be disruptive for them or the other students. This includes games, cards, handheld devices, music players, and others distracting items unless approved by the teacher for class participation.

The purpose of class time is to focus on learning a given topic in a shared environment with peers. It is expected that the student's full attention and respect be given during class time. Talking, standing up, leaving, or otherwise distracting other students will not be permitted. If a student needs to leave the class for any reason, they should raise their hand to get the attention of the teacher or teacher assistant. Walking out of class or encouraging other students to do so will not be tolerated.

Cell phone/electronic devices (including, but not limited to: phones, iPads, computers, smart watches) use will not be permitted during class time, by either parents or students, whether indoors or out unless requested by the teacher. Students' cell phones must be turned off and left out of sight during classes. Teachers may reserve the right to collect cell phones at the door of their classroom. If an attending parent needs to take a call, they must immediately leave the room to avoid distracting or disrupting the class.

Teachers may need to use a mobile device for attendance, or presentation of classroom activities; all other uses should be reserved for before or after co-op activities.

We do not have a dress code policy. We simply expect all parents and students to dress appropriate for the activity. For example, if a physical education activity is scheduled, please wear the proper shoes and comfortable clothing for the activity. We do encourage all Manatees to wear a GCMHG shirt to events, activities and field trips.

Not all students, or families desire a social media presence. Students may not take pictures/videos of classmates or anyone else attending a class or event without the person's knowledge and consent. They may not share or post pictures/videos of others on social media sites without the parents/guardians consent. We have families who do not allow their children's images to be posted online. You **must have adult permission** of all persons in a photo/video to publish them online. Each family has indicated their preference when signing the membership application. You must be fully aware of the preference of each person in the photo before publishing or sharing photos of those individuals.
